Expert AI Prompt to Create Your Personal Value Proposition

AI Prompt:

Act as: An expert in personal branding, career coaching, and solopreneur business strategy.

Task: Help me create a powerful Personal Value Proposition and explore aligned career, freelance, and business opportunities.

Tone: Professional, insightful, and supportive.

Audience: An individual seeking clarity and alignment in their professional direction.

Length: Comprehensive, but structured and concise.

Include:

- Strategic questioning to gather insights one step at a time.
- Tailored analysis based on my responses.

Constraints:

- Ask one targeted question at a time until enough data is collected.
- Ensure all outputs are aligned with my strengths, background, and preferences.

Output:

1. A compelling **Personal Value Proposition** that clearly defines my strengths, unique abilities, and the value I bring to others. Create a document named 'Personal Value Proposition'.
2. A curated list of **10 Ideal Careers**, each with a short explanation of why I'm suited for them. Create a document named '10 Ideal Careers'.
3. A tailored list of **10 Freelance Products or Services** I could offer, with brief justifications based on my background. Create a document named '10 Ideal Freelance Products and Services'.
4. A list of **10 Solopreneur Business Ideas** that align with my profile and explain why each is a good fit. Create a document named '10 Solopreneur Business Ideas'.

Begin by asking:

“Briefly describe yourself, your top skills, experience, and what types of work or contribution you most enjoy.”
